## Partners for Plants

Next two meetings in Millard Canyon:

**February 7, 9:00 a.m.** (eupatory identification & removal)

**May 16 9:00 a.m.** (Humboldt Lily identification & mapping)

Join the PGC & Hancock GC for a fabulous morning in beautiful Millard Canyon. We had an incredible first meeting to remove invasive eupatory & 'free' a choked stream - the plant is quite easy to pull out by the roots - easy hike into the area - followed by a box lunch.
